To whom it may concern:

This is to confirm that the registered design professional, whose signature appears below, will perform structural observations on the above referenced project in accordance with 2009 International Building Code section 1710 and section 1710.2 of the City of Las Vegas Amendments to the 2009 IBC. The structural observations will include, but not limited to, structural observations for seismic resistance. The detailed scope of work are to be included in the contract between owner/owner's representatives and the engineer of record. At the conclusion of the work included in the permit, the structural observer shall submit to the Building Official in writing that site visits have been made and identify any reported deficiencies, that, to the best of the structural observer's knowledge, have not been resolved. I understand that final inspection hold on the project will be in place until the structural observation report is submitted to and approved by the Building Official.
